**SECOND  
ANNOUNCEMENT**

## Welcome Message

Dear colleagues and friends,

We would like to extend our warmest welcome to all surgeons as members of all organization in IKABI to the 20<sup>th</sup> National Congress of Indonesian Surgeons Association (Muktamar Ahli Bedah Indonesia). It is our great pleasure to host the 20<sup>th</sup> MABI. It will be held on August 19-22, 2015 at Shangri-La Hotel, Surabaya.

As surgeons we have a duty to improve the quality of patient care and with that in mind, the Committee have chosen **"How to Promote Minimally Invasive and Robotic Surgery In Indonesia, Between the Hope and Government Policy"** as our main theme. We consider this topic an important one, because the advantages of this high technology implementation have been proven to be beneficial to our patients. We would like to see the increased spreading of these advanced technology on a wider scale in Indonesia. This can only be achieved with the support of the government and private sectors, especially hospitals. We have invited national and international speakers and experts, from government and private sector, to contribute to our congress.

There will be business meetings, scientific sessions and social programs on the schedule. The assembly of the Indonesian surgeons will be the focus of this meeting, but more important is that the meeting could strengthen our fellowship. We have included gala dinner and sport tournament to reach this goal.

We are delighted to announce that our prestigious meeting will be held in conjunction with the 2<sup>nd</sup> National Meeting of The International College of Surgeons Indonesia Section, which further extend a good collaboration among surgical specialists internationally. We hope this collaboration may be strengthened and be continued in future.

We also hope that you can enjoy the Surabaya city hospitality, our travel destinations, and the famous culinary delights.

Looking forward to meeting you in Surabaya !

Sincerely,

Organizing Committe

IKABI Surabaya

PP IKABI

Chairman

## Guidelines for free paper & poster presentations

# MABI XX 2015

21-22 August 2015

### Abstract

Scientific Section of the 20<sup>th</sup> Congress of Surgeons Indonesia (MABI XX), invites all interested parties to send abstracts of scientific papers on the XX Congress of Surgeons Indonesia (MABI XX). Accepted abstracts will be allocated for the Podium or Poster Presentations. All accepted abstracts will be reviewed and selected by the Scientific Section of the 20<sup>th</sup> Congress of Surgeons Indonesia  
Deadline for submission of abstracts: May 30, 2015

### Submission Regulation:

- Submitted abstract have never been presented at scientific meetings. Abstracts of scientific papers that have been presented at scientific meetings, will NOT be accepted.
- All abstracts of scientific papers should be emailed to the committee: mabixsbya2015@gmail.com with the email title: Abstract MABI
- Announcement of abstract acceptance will be sent by email to each sender's email

### Conditions:

- Language: Full paper and abstract should be in English (All accepted abstract and full papers in journal format will be eligible for selection for international journal publication)

### Contact:

Please include:

- Contact details for the author(s); including full address, telephone number and email address, as well as the fax number
- Author 's Full name
- Details of all author's affiliations: Department; institution / hospital; city

### Structure :

- Title of abstract in Title Case, not all capital letters
- Text of the original research abstract should include:
  1. background (background / aims),
  2. The method (methods),
  3. Results (results) and
  4. Conclusion (conclusion).

- To report a case, author should include the introduction and description of the case.
- Limit the number of words: 250 words excluding images / tables / graphs.
- Picture / tables / graphs are not allowed to be included in the abstract

### POSTER

Poster presentation

Scientific Section XX Congress of Surgeons Indonesia (MABI XX) will allocate time for poster presentation on Thursday, August 19, 2015, and Friday, August 20<sup>th</sup>, 2015,

- For the participants who have already submitted an abstract, an email reply will be sent to the sender on the acceptance of the abstract. For those whose abstract are accepted, a schedule for poster presentations, poster presentations section code, and the site number of poster attachment will be notified.
- Due to time constraints and the tight schedule, participants are expected to present their posters according to the predetermined schedule.
- Participants are expected to provide handouts to other interested participants.
- All participants must put their posters maximum up to 15 minutes before the presentation begins. Participants are expected to bring their own equipment to put up posters. The committee does not provide such equipment.
- Due to limited space, the standard size poster is specified: 90cm x 120 cm, orientation: portrait.
- Participants are required to remove the posters according to the schedule specified. If for any reason participants can not remove the posters then the committee will take it off, but the committee is not responsible for the loss of the poster.
- Winners will be announced on the Day Saturday, August 21, 2015, at the Closing Ceremony
- There will be a prize for the winner of the best paper.
